School Bullying Prevention Statement:

Bullying prevention and intervention and equity and inclusive education are integral parts of the Board and school's Community, Culture, and Caring goals.

Bullying is typically a form of repeated, persistent, and aggressive behaviour directed at an individual or individuals that is intended to cause (or should be known to cause) fear and distress and/or harm to another person's body, feelings, self-esteem, or reputation. Bullying occurs in a context where there is a real or perceived power imbalance.

- Students who bully are learning to use power and aggression to control and distress others.
- Students who are victimized become increasingly powerless and find themselves trapped in relationships in which they are being abused.
- Students use power in many ways:
 - Size, strength, intelligence, age
 - Social status
 - Economic status
 - Knowledge of another person's vulnerability
 - Membership in a dominant group

Types of Bullying included, but are not limited to:

Physical: Repeated hitting, kicking, shoving, beating up, stealing, or damaging another person's property.

Verbal: Repeated name-calling, mocking, humiliating, teasing, threatening, racist comments, sexual harassment.

Social: Repeated rolling of the eyes, excluding others from the group, gossiping, spreading rumours, making another person or persons look foolish, and damaging another person's friendships and/or reputation.

Electronic/Cyber: The repeated use of any social or electronic media such as email, cell phones, text, internet and web sites to threaten, harass, embarrass, socially exclude or damage reputations or friendships, or any other type of social bullying using electronic media.

Racial: Repeated aggression, or repeatedly saying negative things, or repeated name calling directed to a person or persons because of their race, ancestry, place of origin, colour, ethnic origin, citizenship, religious beliefs or background.
